Standards Brief & Policy

This document notifies addenda and incremental updates, between releases, of other documents in **ICT Volume 2 Audio Visual Standards**.

As such, information referenced in this document **2.0 Addenda and Updates** always takes precedence over information in other documents in the volume.

This document **2.0 Addenda and Updates** and the documents to which it refers must always be read in conjunction with all other documents in the volume.

Standards Document Access

All Deakin University ITSD and contracted personnel are provided access to this document.

Designers, installers and contractors must ensure they have the most current version of all standards prior to engaging in any work.

The most recent version of the Standards can be found on the internet at:
<http://www.deakin.edu.au/ict/standards/active.php>

and the most recent version of all associated Resources are available at:
<http://www.deakin.edu.au/ict/standards/resources.php>

Document Currency

The Addenda and Updates apply immediately they are published at the url set out below, and immediately supersede earlier versions of the Addenda and Updates.

The Addenda and Updates always supersede the published versions of the referenced documents. The relevant Addenda and Updates are amended (reset) when a new release of a referenced Standard document is published.

Publication of AV Standards Addenda and Updates

The Addenda and Updates to *ICT Volume 2 Audio Visual Standards* are published at:

<http://www.deakin.edu.au/ict/docs/resources/Resource 2.0.1 AV Addenda and Updates.pdf>
